SEAFOOD CORP., DBA HONOLULU FISH COMPANY, UNITS FV7A, FV7B,
FV7C AND FV7D, MULTI-USER BUILDING, DOMESTIC COMMERCIAL
FISHING VILLAGE, PIER 38, HONOLULU HARBOR, OAHU**

BACKGROUND:

At its meeting of April 28, 2006, under Agenda Item M-5, as shown on the attached Exhibit "A", the Land Board approved the issuance of a lease by direct negotiation to Honolulu Fish & Seafood Corp., dba Honolulu Fish Company, for construction, installation, operation, use, maintenance and repair of improvements necessary for the storage, processing, and wholesale distribution of seafood products and ancillary services and products, including, but not limited to, the operation of a seafood restaurant and retail sales of seafood products and produce, on lands situated at Pier 38, Honolulu Harbor, Oahu, Tax Map Key No. 1st/1-5-42:1 (Portion), further described as the Domestic Commercial Fishing Village.

Lease documents were prepared and forwarded to Honolulu Fish & Seafood Corp., dba Honolulu Fish Company, for review and signature. Due to inaction to execute the documents by the deadline and the increase in businesses interested in the leasing of the lots within the Domestic Commercial Fishing Village, staff is requesting the closure of this request and to proceed with offering the parcel to another interested party.

RECOMMENDATION:

1. That the Board authorize rescinding prior board action taken at its meeting of April 28, 2006, under Agenda Item M-5.

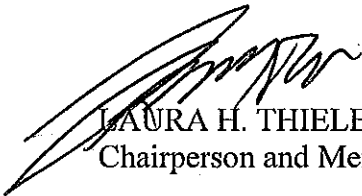

Respectfully submitted,

BRENNON T. MORIOKA, Ph.D., P.E.
Director of Transportation

**CHAPTER 343,
ENVIRONMENTAL**

ASSESSMENT: The Harbors Division had both Draft and Final Environmental Assessments done for the Domestic Commercial Fishing Village Project, and a Finding of No Significant Impact was found for the project in June of 1998. The subject lease falls under the aforementioned Environmental Assessments.

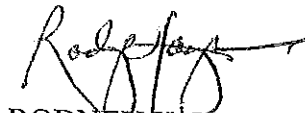

REMARKS: The lease, by direct negotiation rather than by public auction, is appropriate in this instance in order to provide the applicant a facility wherein they would be able to continue the close association necessary for convenient and efficient processing of fresh fish. Concurrent to this objective is the desire to consolidate major commercial fishing activities in a modern and more efficient environment where the complete range of seafood processing can be accomplished.

The lease for Units FV7A, FV7B, FV7C and FV7D of the Multi-User building will be submitted to the Department of the Attorney General for review and approval as to form.

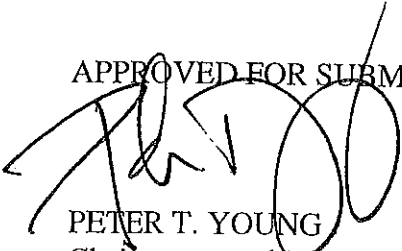

RECOMMENDATION:

That the Board authorize the issuance of a lease by direct negotiation to the applicant, subject to the terms and conditions outlined above and incorporated herein by reference and such terms and conditions as may be prescribed by the Director of Transportation.

Respectfully submitted,

RODNEY K. HARAGA
Director of Transportation
